New Bedford Oct 8th 1843

Dear Mrs Chapman

Your communication of the 25th of last Month was duly rec'd and I most cheerfully comply with your request, hoping the enclosed trifle, with that you may receive from other sources may be amply to publish another number of the Liberty Bell.

A friend of mine is very desirous of obtaining Daniel O'Connels Autograph, as well as also those of the prominent Abolitionists of England, and in this Country— Can you assist me in this important matter, the gratification of a valuable friend

I am very truly
